

TO HELP CHILDREN WITH DYSLEXIA

*Take a moment and imagine your life if you couldn't read. You'd be missing out on opportunities that foster creative growth and thinking in all you do. Just think how frustrating it would be.*

*Children born with a neurological disorder called dyslexia struggle with these feelings every day. Through no fault of their own they are faced with reading and writing roadblocks that can seem insurmountable.*

*Children's Dyslexia Centers, Inc. has made a promise to provide dyslexic students with free instruction using the Orton Gillingham approach to tutoring.*

*One of these centers is in Belleville, IL in the Scottish Rite Building on Frank Scott Parkway, and we need your help. Please consider walking with us to raise money for children with Dyslexia.*

*All monies raised through the "Walk" go directly to supporting the children in the program. So lace up your sneakers or become a sponsor to raise funds for the children today.*
